

# HOW TO CRAFT AN EFFICIENT AND COST-EFFECTIVE REGULATORY COMPLIANCE PROGRAM

**REGISTER TODAY!  
FREE LABORATORY  
COMPLIANCE SEMINAR**

Join us for an informative laboratory compliance seminar, presented by world renowned compliance experts Bob McDowall, Ph.D., and Joe Tehrani, Ph.D. This one-day seminar, sponsored by PerkinElmer's OneSource Laboratory Services, will keep you up to date on the critical regulatory changes and industry trends that affect you. Drawing upon the expertise of Dr. McDowall and Dr. Tehrani, as well as OneSource Laboratory Services' 10+ years of successful multi-vendor validation and qualification, this seminar will teach you how to ensure compliance while reducing costs and improving lab productivity.

**THURSDAY, JUNE 4<sup>TH</sup>  
PUERTO RICO**

Caribe Hilton, 1 San Gerónimo Street, San Juan, Puerto Rico 00901

Conveniently located just 15 minutes from the airport between the Condado area and Old San Juan, complimentary self parking will be offered to all attendees.

## **BENEFITS OF ATTENDING:**

- Learn how to optimize compliance to save money and improve productivity
- Understand and mitigate the impact of regulatory change
- Network with a diverse audience of lab management professionals

## **ATTENDEE TESTIMONIALS:**

"The seminar was great. You're always kind of afraid to attend a sponsored seminar like this because you're not sure if it's just going to be a sales pitch. The seminar was incredibly useful and very educational."

"My colleagues and I agree that this was one of the best and most informative seminars we've attended on a very relevant topic."

"Thank you so much for offering a FREE seminar like this in this type of economic situation. It was very informative to us."
